

Disclaimer of Warranties and Liabilities

PetroTox User Agreement and Disclaimer

This disclaimer is issued in regard to the tool referred to as PetroTox. PetroTox was developed by HydroQual for Concawe.

The PetroTox is being made available without charge or restriction subject to the following:

No recipient of PetroTox shall: (i) copyright or patent it in any form; (ii) redistribute it to others without HydroQual's and Concawe's prior written authorization; (iii) make a monetary charge for it. (iv) violate or participate in the violation of the laws or regulations of the United States or other governments, foreign or domestic, in regard to its use or distribution

To the extent not contrary to law, HydroQual, Inc., Concawe, its members, subsidiaries and affiliates shall not accept any liability for the PetroTox or its use. HydroQual, Inc., Concawe, its members, subsidiaries and affiliates, shall not, in connection with PetroTox, be liable for, including without limitation, the following: (i) damage to, or loss of, property; (ii) infringement of intellectual property rights; (iii) loss of, reduction in or interruption of business; (iv) loss of, or failure to achieve, revenue or profit; (v) increased costs of operation; (vi) loss of materials or information; (vii) computer failure or malfunction; (viii) special, direct, indirect, incidental, punitive or consequential damages or (ix) any use of the PetroTox. The preceding disclaimer shall apply whether or not liability results, or is claimed to result, from negligence or other circumstances.

Concawe and HydroQual, Inc., do not represent or warrant that PetroTox is free from defect or deficiency. Recipient shall be solely responsible for correction of defects or deficiencies, if any. There are no warranties, express or implied, including, without limitation, warranties of merchantability or suitability for a purpose.

Each recipient shall indemnify and defend HydroQual, Inc. and Concawe against claims, liabilities, actions, costs and expenses, which may result from recipient's violation of the provisions of this disclaimer.

Given that PetroTox files are regularly updated please download the latest version of PetroTox each time you use the tool.
